About LLB

Our 5-year integrated LLB (Bachelor of Laws) program is an undergraduate course that combines a traditional three-year bachelor's degree with a two-year law degree. This integrated program is designed for students who aspire to pursue a career in law and want to streamline their education in a more cohesive manner.

LLB Full form: Legum Baccalaureus, in its literal translation, means "Bachelor of Laws." However, the term "Legum" is in the plural form, which may initially appear puzzling. To understand this, we need to delve into the historical context of legal education and Latin usage.

2. **Core Law Studies (Next 3 Years):** After completing the initial phase, students move on to the core law curriculum. This includes the study of various legal subjects such as Constitutional Law, Criminal Law, Contract Law, Family Law, and more.

3. **Internships and Practical Training:**Many integrated LLB programs also incorporate internships, moot courts, and other practical training components to give students real-world exposure to the legal profession.

4.**Final Examination and Degree Award:** Upon successful completion of the entire 5-year program, students are awarded an integrated LLB degree.
