

Bachelor of Technology (B.Tech) Inter-university Credit transfer

[Learn more](#)

↓ About the B.Tech Inter-university Credit transfer Program

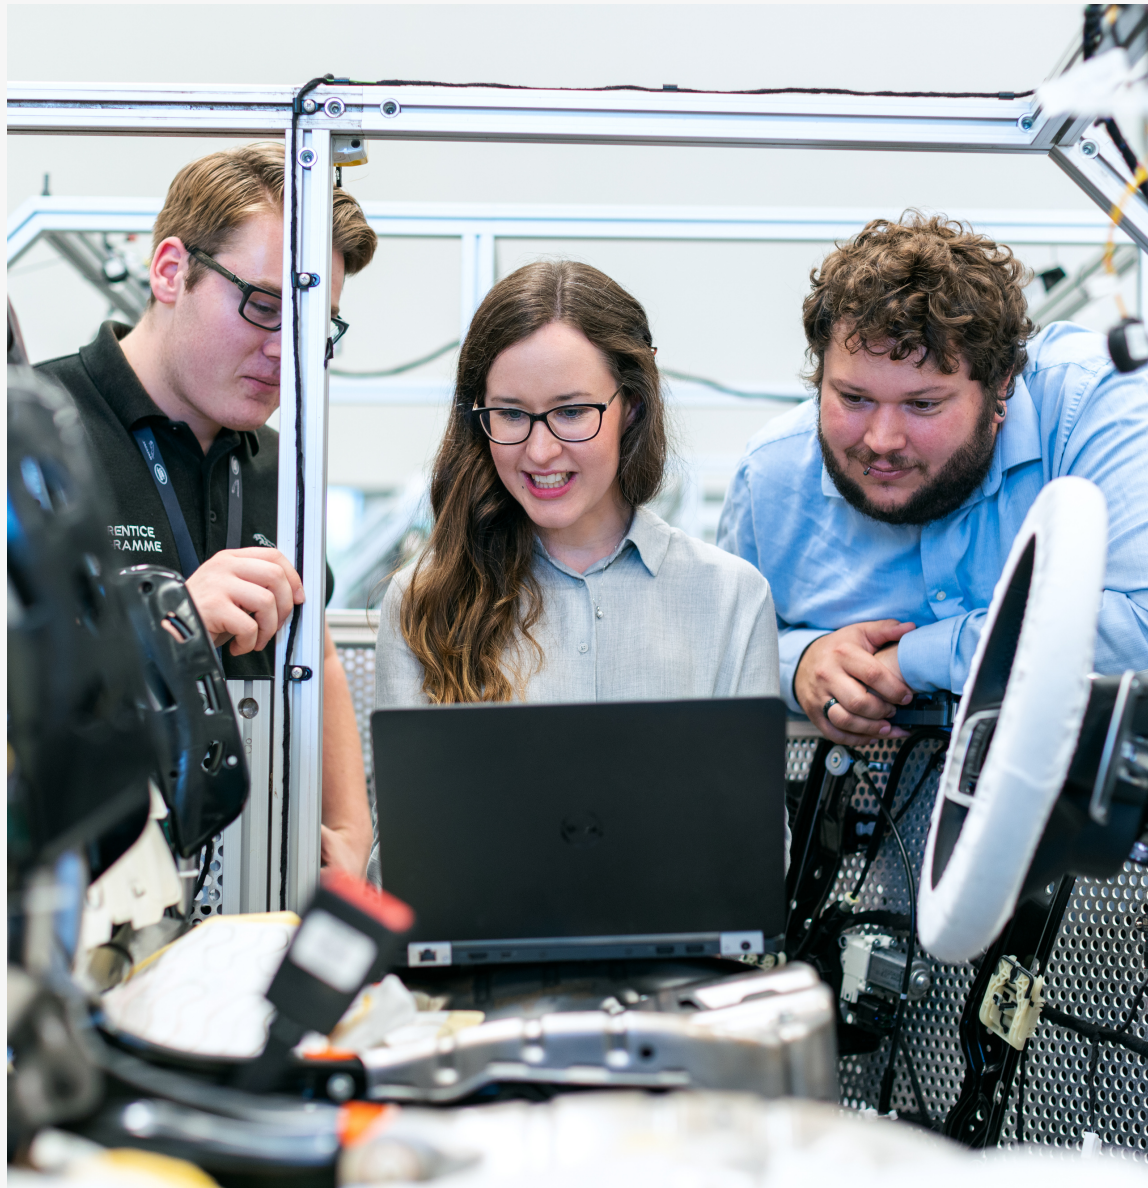

Our Inter-university credit transfer for B.Tech (Bachelor of Technology) programs in India allows students to move from one university to another without losing the credits earned in their coursework. This process enables students to continue their education at a different university while preserving the academic progress they have made.

LLB Full form:

Legum Baccalaureus, in its literal translation, means "Bachelor of Laws." However, the term "Legum" is in the plural form, which may initially appear puzzling. To understand this, we need to delve into the historical context of legal education and Latin usage.

Why Choose B.Tech ?

1. **Seamless Transition:** Our B.Tech inter-university credit transfer program offers a seamless transition, allowing students to move effortlessly between institutions without losing valuable academic credits.
2. **Flexible Options:** We provide flexible credit transfer options, accommodating diverse academic backgrounds and ensuring that students can continue their B.Tech studies with ease.
3. **Accelerated Progress:** Our program facilitates accelerated progress, enabling students to complete their B.Tech degree efficiently by recognizing and transferring applicable credits earned at their previous university.
4. **Quality Education:** Choose our program for a commitment to quality education, where transferred credits align seamlessly with our curriculum, ensuring a smooth integration and a fulfilling learning experience for every student.
